

REMARKS

Specification

The specification has been amended to include brief descriptions of FIGS. 4 and 5 after Paragraph 23 on Page 9 under BRIEF DESCRIPTION OF THE DRAWINGS.

Applicant respectfully submits that these amendments find support in the specification as originally filed and, therefore, do not constitute new matter.

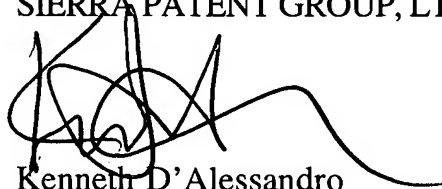

Election/Restriction

In the Office Action dated June 30, 2005, Examiner required a restriction under 35 U.S.C. §121 between Group I having Claims 1-35 and 40-46, drawn to a reprogrammable metal-to-metal anti-fuse, and Group II having Claims 36-39 drawn to a method of fabricating a reprogrammable metal-to-metal anti-fuse.

Applicant hereby elects, without traverse, to prosecute Claims 1-35 and 40-46 of Group I. Claims 36-39 of Group II have been canceled without prejudice herein.

Applicants reserve the right to pursue the claims in Group II in divisional applications.

Respectfully submitted,
SIERRA PATENT GROUP, LTD.
